ALEJANDRO **SALCIDO**

Computer Engineer | **mod.mars@hotmail.com** | **+52 656-602-0101** | **Portfolio** | **Github** | **LinkedIn**

Education

Universidad Tecnológica Latinoamericana en Línea   Sept 2020- Nov 2023
Bachelor of Science in Computer Engineering

Skills

Programming Languages: C, Python, HTML, CSS, Javascript.
Skills: React**,** Git, Firefox Dev Tools, Webpack, NPM, Eslint, APIs, ES6 Modules, BEM methodology, Project Oriented Paradigm, SOLID principles.
Soft Skills: Proactive, Conflict Resolution, Active listener, Autodidact, Problem Solving, Adaptability, Honesty, Teamwork.
Languages: Spanish: Native | English: Proficient

Projects and achievements

💻 **Finalist in "Hackeando Brechas LATAM" (Vol. 1, inclusión laboral)** (HTML, CSS)

• This event provided opportunities to **improve** my **teamwork** and **leadership** skills, as well as gain insight into working **under pressure**. I proposed the project idea and developed a prototype using HTML and CSS.

🛒 **Shopping Cart Application** (React, React-testing-library) / -> **Repository**

• Dynamic shopping cart allowing item management and total sum calculation.
• Intuitive user interface for seamless shopping.

🏆 **Memory Game** (React) / -> **Repository**

• Memory game featuring Pokémon cards, offering a fun and engaging way to test memory and recognition skills.
• Users can match pairs of Pokémon cards to get a satisfying victory.

🌦️ **WeatherStorm** (HTML, CSS, Javascript) / -> **Repository**

• Weather forecast app featuring data fetching and json parsing

📝 **To-do list** (HTML, CSS, Javascript) / -> **Repository**

• Simple and effective to-do list application with focus on SOLID principles.
• Well-structured code and modules for superior user experience.

📚 **Library** (HTML, CSS, Javascript) / -> **Repository**

• Digital library for saving books with an aesthetically pleasing user interface.
• Emphasis on documentation and clear git commit messages.

🌐 **Website Portfolio -** **View My Portfolio**

• I've curated a collection of my most significant projects and achievements, showcasing my skills and experiences as a developer.
• Explore a variety of web applications and games that demonstrate my proficiency in web development..
• This portfolio reflects my commitment to continuous learning and improvement in the world of web development.
